

# How To Order & Print Your Official Texas Driver Record

**1** Visit Texas.gov and click **Driver Records** under Top 5 Services. You can also type *driving record* in the Search bar, then select **Licensee Driver Records** from the results.

**2** Review the checklist to make sure you will be able to print your driver record. *\*NOTE: The computer you are using must have Adobe Reader Version 9 or greater. You can download Adobe Reader from this page.*

**3** Make sure to Print a Test Record. Click the **Print Test Record** button and enter this password: **1234** Once you have successfully printed a test record, check the box and click *Continue*.

**4** On the Login page, enter your information and click *Login*. *\*NOTE: These pictures can help you locate your audit number.*

**5** Select the driver record you want to order. Then enter the mailing address that appears on your driver license. Click *Review Order*.

**6** Review your order. If you need to make changes, click the *Edit* button. If everything looks good, enter your payment information and then click *Submit Payment*.

Now it's time to print your driver record. Click *Print Driver Record*.

**7** *\*NOTE: The password on this page is your Driver License Number.* Once your driver record appears, make sure to print it because you will not be able to access it again without purchasing another one.
